

Day 1 – 25th of April 2025

8:30 – 8:50 Registration
8:50 – 9:00 Welcome and introduction

Session 1: Genomic structure of holocentric chromosomes

9:00 – 10:00 Keynote speaker: Ines Drinnenberg

10:00 – 10:30 Coffee break

10:30 – 10:50 Short talk: Laura Ávila Robledillo
10:50 – 11:10 Short talk: Yi-Tzu Kuo
11:10 – 11:30 Short talk: Petr Nguyen
11:30 – 11:50 Short talk: Valeryia Aksianiuk

11:50 – 13:30 Lunch

Session 2: Macroevolutionary implications of chromosomal rearrangements in holocentric species

13:30 – 14:30 Keynote speaker: Marcial Escudero

14:30 – 15:00 Coffee break

15:00 – 15:20 Short talk: Natália Maria de Souza Castro
15:20 – 15:40 Short talk: Nicol Rueda
15:40 – 16:00 Short talk: Ruiyi Qiu

16:00 – 16:40 Talk: František Zedek

16:40 – 19:00 Poster session with apéro

Day 2 – 26th of April 2025

Session 3: Meiotic adaptations of holocentric chromosomes

- 9:00 – 10:00 Keynote speaker: André Marques
- 10:00 – 10:30 Coffee break
- 10:30 – 10:50 Short talk: Sebastian Chmielewski
- 10:50 – 11:10 Short talk: Marion Herbette
- 11:10 – 11:30 Short talk: Rogelio Sánchez Villegas
- 11:30 – 12:10 Talk: Mark Blaxter
- 12:10 – 13:30 Lunch

Session 4: Holocentric species diversification: The role of chromosomal rearrangements

- 13:30 – 14:30 Keynote speaker: Joana Meier
- 14:30 – 15:00 Coffee break
- 15:00 – 15:20 Short talk: Paula Escuer
- 15:20 – 15:40 Short talk: Inés Gómez Ramos
- 15:40 – 16:00 Short talk: Charlotte Wright
- 16:00 – 16:20 Short talk: Jesper Boman
- 16:20 – 16:30 Final words and farewell
